

# LS 40 Fast & Efficient Remote Capture

Compact

Affordable

Durable

USB

Compact and cost effective, the LS40 is specifically designed for remote deposit capture applications. Ideal for small spaces, this single pass scanner features dual cameras and intuitive vertical document insertion - to process a check in less than one second. All this - at a price you can afford.

The LS40 is small in size but big on functionality - a check scanner designed specifically for the needs of merchant payment processing, with quiet operations, robustness, durable styling, and optional card reader.

- Easy vertical document insertion — intuitive, no need to right-align items
- Compact design — narrow footprint saves space
- Dual camera design — eliminates document or camera rotation
- Single pass front/rear image — less than 1 second per item;
- Flexible processing modes — intelligent franking and endorsement
- Magnetic MICR reading — accurate code line recognition
- Magnetic stripe reader option — for ID cards and credit/debit card processing
- Supported OS and Drivers — Windows, Linux and TWAIN
